DETAILED ACTION

Claim Rejections - 35 USC § 103

1. Claims 2, 11-13 and 15-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Dexter in view of Fritz.

The rejection of claims 2 and 11-13 are adequately set forth in paragraph 2 of the office action mailed 9/4/08, which is incorporated here by reference. Claims 15-20 are analogous to claims 6-10 and 14, and the rejections of those claims in the previous office action apply to claims 15-20 here.

Allowable Subject Matter

2. Claims 1, 3-10, and 14 are allowed. Applicant's arguments regarding these claims are persuasive. Dexter does not disclose a mixture of amorphous phenolic compounds, and the weight average molecular weight of the compounds of Dexter will therefore be equal to the number average molecular weight and fail to meet the claims. There is no motivation for one of ordinary skill in the art to modify Dexter and Fritz to use a mixture of amorphous phenolic stabilizers meeting the claim.

Response to Arguments

3. Applicant's arguments filed 12/4/08 have been fully considered but they are not persuasive. Applicant makes the same arguments for claim 2 and its dependent claims as for claim 1. However, claim 2, as currently recited, does not require a *mixture* of

amorphous phenolic compounds. The individual compounds of Dexter therefore fall within the scope of the claim.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
